

Release The Hounds

Final Tally / 4th Annual Match - September 29, 2001

Playing conditions were splendid. The matches were begun on a typical brisk late September morning with the lads snug in their Glenfiddich fleece. All were in shirt sleeves under a brilliant blue sky by the 4th hole.

A note to the Hounds

The tournament was truly a cosmopolitan gathering with the presence of team B.C., a Prairie Dog, Mad Dog Roberts from across the pond and of course the motley lot from New Brunswick. The tournament included many highlights but the two most vivid are Rollin' Rollin' Lennie and the first lost dog incident in the history of the tournament involving Stray Dog and J.C. Spaniel.

We would like to thank the sponsors - House Dog for chowder lunch, Big Dog for steaks and Burnt Dog for a first class fireworks show. We also extend our thanks to William Grant and Sons for their superb whiskey, to Mark Kozlowski, Mad Dogs successor in Coral Gables for sponsoring the fleece jackets, to Terry Klironomous for his arrival with product and of course to our good friend Tony Mad Dog Roberts whom we think of when we lift a tumbler of Glenfiddich.
